

**Friends of
the Earth**

Friends of the Earth

- An environmental campaigning network
- 68 member groups
- 200 local groups
- Right Price for Air Travel

Plane Crazy?

- Climate change
- Aviation's impact on the climate
- Other impacts of air travel
- What we must do

**Friends of
the Earth**

Climate Change

- a threat to us all
- the poorest of the poor suffer most
- we suffer too
- 60 per cent cuts globally by 2050
- a fair and effective approach

**Friends of
the Earth**

Hot air

- 3.5 per cent globally
- CO₂, NO_x and more
- fastest growing source
- effects worse than thought?

Other impacts

- noise
- air quality
- traffic generation
- unsustainable development

What must be done

- precaution not inaction
- internalise costs or manage demand?

Manage demand

- limit expansion
- fair taxation
- environmental caps
- new regulatory body

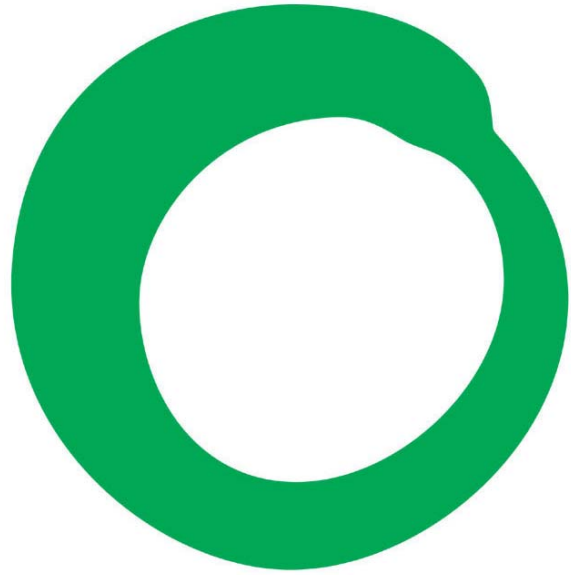

**Friends of
the Earth**

Fair trade?

- don't undermine Kyoto
- 8 per cent from 1990 to 2010
- 60 per cent or more from 1990 to 2050
